

Devo® Fresh & Clean is pH neutral and therefore not aggressive to delicate surfaces

Devo® Fresh & Clean is a strong cleaner and contains no substances that remain after drying and leave streaks or prints.

Some commercial “universal cleaners” contain linseed oil or other nourishing substances that remain on the floor. For some applications, e.g. on a specific porous floor, this can be useful... but not on most floors! On the contrary... after repeated use, such cleaners create an “oily” film that traps dirt and on which every footprint is visible. Devo® Fresh & Clean dissolves this stubborn film and revives your floor without stripes or prints!

Floors with a long history of incorrect maintenance sometimes require several cleaning sessions with Devo® Fresh & Clean in order to achieve an optimal result.

In exceptional cases, a Devo® product specialist can give you professional maintenance advice to solve your floor problem.

Contact your local Devo® point of sale for tailor-made advice.

Neutral all-purpose cleaner

Fresh & Clean

- Dries without streaks
- No rinsing afterwards
- Fast drying

- 3 natural fragrances
- Spring Lavender
- Lemon & Lime
- Sandalwood Orange

Devo® Fresh & Clean

NEUTRAL ALL-PURPOSE CLEANER

Cleans streak-free without film build-up with a fresh, pleasant fragrance.

- Dries without streaks
- No rinsing afterwards
- Fast drying
- Choice of 3 natural fragrances

Devo® Fresh & Clean

is a versatile, fast-drying all-purpose cleaner for regular cleaning of varnished or lacquered parquet.

Also for floors with their own hard finish such as

- polished granite
- marble floors
- glazed tiles
- synthetic floors (LVT)
- linoleum
- laminate
- sealed parquet
- office furniture
- interior
- monitors
- car interior
- etc...

Available in 3 fragrances in packs of 1L and 5L:

- Spring Lavender
- Lemon & Lime
- Sandalwood Orange

Devo® Fresh & Clean

is recommended for:

VARNISHED/ LACQUERED PARQUET

Devo® Fresh & Clean is pH-neutral and non-aggressive and can be used on all types of varnished parquet without any problems.

CAUTION Do not use on oiled or waxed parquet!

LAMINATE

Laminate has a hard top layer that is perfect for cleaning with Devo® Fresh & Clean.

CAUTION Never use too much water on laminate...
Not all types of laminate flooring can withstand moisture seeping between the floorboards.

LVT, LINOLEUM, ETC.

Devo® Fresh & Clean is ideally suited for regular cleaning of all types of synthetic floors. In addition, high traffic floors can be treated with Devo® Gloss, a polymer coating which provides additional protection for heavy traffic floors.

CERAMIC TILES

Devo® Fresh & Clean is also an excellent choice for cleaning ceramic tile floors!

NATURAL STONE

Polished natural stone floors or natural stone floors with a protective layer can be maintained perfectly with Devo® Fresh & Clean. Porous natural stone floors or polished floors require a different treatment and maintenance. If in doubt, ask your local Devo® floor specialist for advice.

BATHROOM

As a cleaning product for your bathroom, you will appreciate the fresh scents as very pleasant. Because Devo® Fresh & Clean is pH-neutral, the product is suitable for many delicate surfaces, but it does not remove chalky deposits.

KITCHEN

The powerful cleaning effect makes Devo® Fresh & Clean a winner in the kitchen! For extremely dirty ovens, cooker hoods or deep fryers, we recommend our Devo® Strongclean, a powerful degreasing all-purpose cleaner.

GENERAL INTERIOR

In addition to all the above applications, Devo® Fresh & Clean performs excellently for all other standard cleaning tasks in the home. Very suitable for cleaning cupboards, chandeliers, televisions, desks, doors, door handles, tables, chairs, car interiors, etc.

Spring Lavender • Sandalwood Orange • Lemon & Lime
